

# Setting Up Application Environment

## Docker Installation

Date	10-11-2022
Team ID	PNT2022TMID13759
Project Name	Smart Fashion Recommender Application

### Step 1:

Go the official Docker website: <https://docs.docker.com/desktop/install/windows-install/>

### Step 2:

Click that button (Docker Desktop for Windows) and download will start and it takes few minutes to complete.

### Step 3:

Go to downloads in browser (or) type **ctrl + J**, it will navigate to download page and double-click the particular docker file.

### Step 4:

Now Installation is complete. This icon was added in your desktop. Double-click the icon to start the docker app, you can register and login that app to access those credentials.

**Step 5:**

Docker will start correctly, the left bottom side was shown in green color, docker will show the status of docker app working successfully.

**Step 6:**

Finally, the docker is installed successfully.
